### SUMMARY EVIDENCE OF LEVEL

Summary of Direct Evidence:

Process Required	Professional Knowledge	Professional Skills	Core Skills	Responsibility	Level
<p>The incumbent works in familiar and predictable routine of operating and managing a Boat Jetty. The situation of clear choice (descriptor of level 4) is evident through the following examples The job holder is expected to:</p> <ol style="list-style-type: none"> <li>1. assess the number of crew members required for the trip (for both boat engineering and hospitality)</li> <li>2. analyse the itinerary and identify places available for replenishment of goods</li> <li>3. plan for periodical maintenance and overhauling on discussion with cruise</li> </ol> <p>Considering that these outcomes are required to be perfected and performed</p>	<p>The incumbent has factual knowledge of field of knowledge or study which is in this case includes boat jetty operations, materials and resources required for various operations including food and beverage, health and safety requirements, etc. The person is expected to know about :</p> <ol style="list-style-type: none"> <li>1. site layout and obstacles</li> <li>2. cruise travel operation details</li> <li>3. type of crew members and departments in a cruise liner</li> <li>4. material required for boat / cruise movement</li> <li>5. tools and equipment in a boat / cruise</li> <li>6. kitchen materials in a cruise liner</li> <li>7. beverages, café requirements</li> <li>8. guest requirement in the cruise such as soap, shampoo, etc</li> <li>9. first aid and medical kit in the cruise</li> <li>10. periodical maintenance</li> </ol>	<p>Most of the work involves recall and demonstration of practical skill, is routine and repetitive and in a narrow range of application.</p> <ol style="list-style-type: none"> <li>1. ensure all regulatory requirement documents are available in the boat / cruise during travel</li> <li>2. arrange for any documents that is required for travelling in the state / national / international water bodies</li> <li>3. arrange uniforms, materials and consumables for the crew members</li> <li>4. ensure cooking appliances and relevant material is adequately available for smooth</li> </ol>	<p>The job holder is expected to have behavioural, personal and telephone etiquettes, establish effective rapport with customers, responding appropriately to customers, communicating information to customers (verbal &amp; non-verbal), skill to basic arithmetic and algebraic principles, basic understanding of social political and natural environment for example, providing interim feedback to customers, in case of delays, processing compliances.
