Dear Mr. Mittal,

We thank you for participating in the QPs formation process. We request you to go through the following QPs in the link given below, and send your validations. You may reply to this mail, saying **"I validate the QPs"**, **"I accept the QPs as they are"** or **"I accept the QPs with the following comments"**.

[Google drive link for QPs](#)

The QPs in the link are for the following job roles:

1. Commissioning/Modernization Specialist
2. Perishable Product Handling Specialist
3. Reefer Vehicle Operator
4. Refrigeration Equipment Maintenance Specialist
5. Cold Chain Engineering Specialist
6. Cold Chain Manager

We have prepared the Qualifications Packs (QP) for job roles in the Cold Chain Logistics sector for the Logistics Skill Council (LSC) based on industry inputs provided by persons such as you.

The next step in declaring these QPs as 'National Standards' by NSDC, is for you to validate them. Without your acceptance (called Industry Validation) of each of the QPs prepared, they cannot be declared 'National Standards' by NSDC. Each QP needs to have, at least, 30 industry validations from 10 small, 10 large and 10 medium-sized companies. This is the minimum number required for the QP to qualify as National Standard. As such, each validation counts.

We request you to send your acceptance at the earliest so that LSC can present these QPs to NSDC as per the allotted schedule.

Thank you once again for your cooperation and support.
